

December 28, 2009

Dear Principal/Assistant Principal/Student Welfare Coordinator

If your school is like most others, then an inordinate amount of time is spent on processing documentation in the areas of student discipline and welfare. Zenith Data has developed **ztrAck student management software** to eliminate paperwork and increase efficiency for student managers.

What does the ztrAck do?

It keeps a database on all student discipline and welfare 'incidents' and automatically compiles a range of disciplinary history reports, letters to parents and statistical reports. ***A new feature in is the ability to produce graphs and charts***, a useful tool at annual report time. ztrAck can import student data from any enrolment software e.g. CASES, OASIS etc. ztrAck is used widely in schools with enrolments ranging from 20 to 1700.

ztrAck is a complete welfare, discipline and achievement package, but it doesn't stop there! The key advantage ztrAck has over its competitors is that it can continue to evolve as you come up with new ideas for its use. The solution has been developed in Filemaker Pro ®. Zenith can add new features for you or you can develop the solution yourself. Filemaker Pro ® is already widely used in schools. Disney, The National Australia Bank, The Body Shop and Boeing Aerospace are just a few of the businesses that use Filemaker Pro® database solutions.

Overview of Features

- VERY AFFORDABLE - Full pricing details are available at www.zdata.com.au
- TIME SAVER - create discipline/welfare records in less than 30 seconds.
- ONE CLICK REPORTS - generate and print reports and statistics with a single mouse click.
- AUTOMATICALLY SCHEDULES DETENTIONS and time out, records attendance.
- CUSTOMISED FOR YOUR SCHOOL - we set up ztrAck to suit your school's needs.
- USER FRIENDLY - computer beginners find ztrAck easy to use. Don't take our word for it - ask us to provide reference schools for you to call.
- AUTOMATICALLY GENERATES FORM LETTERS - based on the incident type.
- ORGANISES AWARDS* - accentuate the positive. Record and report on the good things students do as well. Automatically produce awards certificates and commendation letters.
- PRIVACY & SECURITY - password protection determines levels of access.
- WELFARE COMPONENT - increase efficiency and improve communications when working with student welfare officers, psychologists, speech pathologists and other student welfare professionals. Manage and report on referrals, prioritise cases, report student histories, plan welfare strategies.
